- 6. Which are the colours of this country's flag?**

For more questions see question cards

Teachers' sheet - Proposals

This game could be used for school subjects like geography or history in order to introduce a topic or to edit repetitions in a playful way.

- The teacher could write further questions on the board about the countries mentioned – Students should complete the list of the countries of the European Union.
- Enter the main cities (possibly with their landmarks) on a map of Europe.
- On a sheet, add the nationality in each country (spelling exercise).
- Offer the students a map with the main rivers of Europe. They should enter the names of the rivers.
- Have a map of the European Union divided into climatic zones.
- The students should draw the position of the mountains in Europe and enter their names (Alps, Pyrenees, etc.).
